YUSEF ZUBI

Consultant trauma & orthopedic surgeon | associate professor

PROFESSIONAL SUMMARY

Highly skilled Consultant Trauma & Orthopedic Surgeon and Associate Professor with over 17 years of clinical and academic experience. Specialized in musculoskeletal trauma management, complex fracture fixation, total joint replacements, Ilizarov techniques, and arthroscopic procedures. Successfully performed over 300 orthopedic and trauma surgeries annually, achieving a 95% patient recovery success rate. Served for 11 years at Kazakh National Medical University named after S.D. Asfendiyarov as a Consultant Trauma & Orthopedic Surgeon and Associate Professor, where I delivered lectures, seminars, and practical training for 4th- and 5th-year medical students, interns, master's students, and PhD candidates, and supervised a master's student in orthopedic research. Holder of a patent for an invention – a device for the fixation of femoral neck fractures.

SKILLS

- Orthopedic Trauma Surgery: Polytrauma Care | Internal & External Fixation | Limb Salvage Procedures
- Joint Replacement & Reconstruction: Total Hip & Knee Arthroplasty | Post-Traumatic Joint Surgery
- Emergency & Critical Trauma Care: Acute Injury Stabilization | Damage Control Surgery
- Fracture Management: ORIF | Closed & Open Reduction | External Fixation | Nonunion & Malunion Treatment
- Minimally Invasive Surgery: Arthroscopy | Endoscopic Orthopedic Procedures
- Rehabilitation & Recovery: Post-Surgical Care | Functional Recovery Planning
