WORKED AS A NURSE IN A FAKEEH UNIVERSITY HOSPITAL, DUBAI.
MARCH 2024 TO DECEMBER 2024

SOUTH CITY HOSPITAL (REGISTERED MIDWIFE) FEB
2022–FEB 2023

- Expert in guiding and supporting expectant mothers through pre- natal care, ensuring thorough assessments and personalized health plans.
- Proficient in administering antenatal care interventions, monitoring fetal development, and addressing potential complications to optimize maternal and fetal health.
- Skilled in orchestrating labor and delivery processes, employing evidence-based practices to enhance safety and comfort during childbirth.

MEMON MEDICAL INSTITUTE HOSPITAL (REGISTERED MIDWIFE)
JAN 2021–JAN 2022

- Collaborate seamlessly with a multidisciplinary healthcare team, including obstetricians, gynecologists, and other specialists, to ensure cohesive and holistic patient care in labor and delivery settings.
- Facilitate effective communication and information exchange among healthcare professionals, promoting a synchronized approach to address the diverse needs of patients in gynecology and obstetrics.

USMAN MEMORIAL HOSPITAL (REGISTERED MIDWIFE)
NOV 2020–JAN 2021

- Expert in the assessment and treatment of obstetrics patients, employing a compassionate approach to ensure optimal maternal and fetal well-being.
- Provide hands-on assistance during deliveries and comprehensive care across the maternity continuum, including pre-natal, antenatal, and postnatal stages.

REGIONAL HEAD QUARTED HOSPITAL (REGISTERED MIDWIFE)
JULY 2019- JULY 2020

- Conduct thorough assessments, develop comprehensive plans, implement targeted interventions, and evaluate outcomes for obstetric and gynecology patients.
- Proficiently assist in labor and delivery, including the performance of normal deliveries, ensuring a safe and supportive birthing environment.
- Provide valuable teaching and education on family planning, empowering patients with informed choices and promoting reproductive health awareness.

PROFILE

Enthusiastic and compassionate Certified Nursing Assistant in providing personalized care to residents in skilled nursing facilities. Proficient in medication administration, vital signs monitoring, and patient documentation. Skilled in collaborating with healthcare teams to develop and implement individualized care plans. Demonstrated expertise in resident advocacy and ensuring their physical and emotional well- being. Strong communication skills with fluency in English and Urdu.
