

Thasrifa Ashik

Regulatory & Clinical Pharmacist | Medical Representative

I possess extensive expertise in pharmacy operations, regulatory compliance, and patient-centered clinical care, built through over 5 years of hands-on experience across community, hospital, and vaccination settings. I specialize in pharmacovigilance, regulatory documentation, drug safety monitoring, and patient counseling. Leveraging a strong foundation in clinical pharmacology and healthcare compliance, I deliver meticulous pharmacy services while ensuring patient safety and adherence to DHA/MOH standards. My background enables me to bridge clinical, administrative, and regulatory functions effectively, contributing to organizational growth and improved healthcare outcomes.

WORK EXPERIENCE

Pharmacist

Life Pharmacy Group, Sharjah

July 2024 - December 2024

- Handled end-to-end recruitment for complex non-IT requirements, ensuring timely and accurate delivery for client needs.
- Managed requisition intake, sourcing strategy, screening, interview scheduling, salary discussions, and candidate presentations.
- Assessed candidates using behavioral-based screening to evaluate skills, cultural alignment, and motivation.
- Coordinated closely with hiring managers and HR business partners to align recruitment priorities and expectations.
- Monitored applicant tracking system activity to meet hiring timelines and enhance the overall candidate experience.
- Supported onboarding processes and ensured smooth transition from offer stage to joining.

Trainee Pharmacist

Al Seha Group of Pharmacy, Ajman

June 2023 - July 2023

- Assisted in dispensing medications and managing pharmacy inventory in line with legal and regulatory standards.
- Participated in pharmacovigilance activities, including adverse drug reaction tracking and reporting.
- Counseled patients on over-the-counter medications and promoted patient adherence to prescribed treatments.
- Maintained accurate records of prescriptions, stock, and transactions.
- Collaborated with senior pharmacists to enhance patient care and operational efficiency.

Patient Counselling & Administration

DHA Vaccination Department, Dubai

May 2021 - October 2022

- Guided patients on vaccination schedules, procedures, and post-vaccination care.
- Assisted with patient registration, documentation, and reporting in compliance with DHA protocols.
- Monitored and documented adverse events following immunization (AEFI) to ensure patient safety.
- Coordinated with healthcare teams for effective patient flow and scheduling.
- Provided educational support to patients regarding immunization benefits and potential side effects.
- Contributed to administrative workflow improvements for vaccination services.

Pharmacist

Med City Pharma, Kerala, India

June 2019 - April 2021

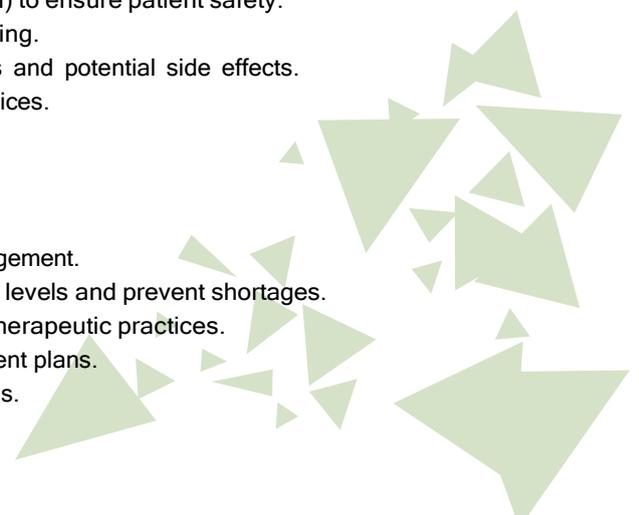

- Counseled patients on medication usage, adherence, and side effect management.
- Dispensed prescriptions and managed inventory to maintain optimal stock levels and prevent shortages.
- Reviewed prescriptions to ensure compliance with regulations and safe therapeutic practices.
- Collaborated with physicians and healthcare staff to optimize patient treatment plans.
- Maintained accurate documentation of patient care and pharmacy operations.

Trainee Pharmacist

District Government Hospital, Kerala, India

April 2019 - May 2019

- Assisted in inpatient and outpatient pharmacy operations.

- Learned and applied regulatory compliance protocols and dispensing procedures.
- Supported documentation and reporting of pharmacy activities.
- Provided basic patient counseling under supervision.
- Observed clinical pharmacy practices to enhance knowledge of hospital workflows.

Hospital Pharmacist Intern

Imbichibava Memorial Cooperative Hospital, Kerala, India

2019 (1 month)

- Gained exposure to hospital pharmacy operations, including patient records management.
- Assisted in dispensing medications under supervision.
- Learned about clinical documentation, regulatory compliance, and pharmacy workflow processes.
