

ANAKHA B NAIR

RADIOGRAPHER – (DHA Eligible)

Currently based in Dubai, UAE | On Dependent Visa | Available for Immediate Joining

+971 541797263 | anakhaprakash005@gmail.com

PROFESSIONAL SUMMARY

DHA eligible Radiographer with 2.6 years of experience in general radiography procedures, specializing in X-ray, CT, MRI, Mammography, Ultrasound (assisted) and DEXA scans. Seeking opportunities in UAE.

PROFESSIONAL EXPERIENCE

Radiographer- Doctors Diagnostic Nuclear Medicine & Research Centre, India | Oct 2024 – March 2026

- Performed 25- 40 daily diagnostic imaging procedures including X-ray, Mammography, Ultrasound and DEXA while adhering to departmental protocols and radiation safety standards.
- Maintained <5% repeat rate through strict quality control and technique improvement
- Verified patient identity, explained imaging procedures, obtained relevant clinical history, and ensured patient comfort throughout examinations.
- Operated DR/CR systems and performed routine quality checks before radiologist reporting
- Implemented radiation protection measures following ALARA principles and shielding protocols.

Radiographer- National Institute of Medical Science, Jaipur India | Feb 2022 – Feb 2023

- Performed general radiography examinations in accordance with departmental protocols and radiation safety standards.
- Performed CT and MRI procedures including patient preparation, positioning, protocol selection and workflow management.
- Supported ICU, NICU, PICU and trauma imaging cases requiring emergency patient handling and monitoring.
- Performed contrast-enhanced CT examinations while adhering to contrast administration and patient safety protocols.
- Provided compassionate care and clear instructions to patients.
- Performed portable/mobile X- ray radiography for emergency and critical care patients.
- Ensured proper patient identification, documentation and PACS/RIS record maintenance.

Radiography Internship - JSS Medical College & Hospital, India | Oct 2020 – Sep 2021

- Gained hands-on training in X- ray (DR/CR), CT, MRI, Mammography, portable/mobile X- ray, C-Arm procedures under supervision.
- Assisted in contrast-enhanced studies with proper screening and post-procedure care.
- Assisted in patient positioning, exposure settings, infection control, and radiation safety practices.
- Participated in quality assurance (QA) activities and routine equipment performance checks.
- Assisted with PACS uploads, QA checks, and equipment maintenance.

CORE COMPETENCIES

- General Radiography (DR/CR)
- MRI, Mammography (3D & 2D), DEXA
- CT Imaging (Plain & Contrast Studies)
- Radiation Safety (ALARA) & Dose Optimization
- PACS/RIS & DICOM
- Critical Care & Portable Imaging
- Patient Communication & Team Collaboration

EDUCATION

B.Sc. MEDICAL IMAGING TECHNOLOGY

JSS Academy of Higher Education & Research, Mysore | 2017 – 2020

LICENSES & CERTIFICATIONS

DHA Eligibility Letter (Dubai Health Authority)

CPR & Basic Life Support Certification

Indian Society of Radiographers & Technologists (ISRT) – Reg. No: LM-MI 13041/2022
