ABOUT ME

Highly experienced DHA Licensed GP - Psychiatrist with over 21 years of continuous clinical practice in inpatient, outpatient, emergency, and community psychiatry. Extensive expertise in the diagnosis, treatment, and long-term management of acute, chronic, treatment-resistant, and early-onset mental disorders, including high-risk cases with aggressive and auto-aggressive behavior. Strong background in psychiatric rehabilitation, resocialization, medico-social expertise, and mental health service organization. Proven leadership experience as Head of Psychiatric and Rehabilitation Departments, combined with teaching experience in medical education. Patient-centered, ethically grounded, and well-versed in multidisciplinary and crisis-oriented psychiatric care. Seeking to contribute advanced psychiatric expertise to a reputable healthcare facility in Dubai / UAE.
