CERTIFICATIONS & LICENSURES

Dubai Health Authority (DHA)

- DHA Eligible - Medical Laboratory Technologist

Professional Regulation Commission, Philippines

Registered Medical Technologist

- License No.: 0129788
- Valid through: January 2028

American Society for Clinical Pathology

Medical Laboratory Scientist, MLS(ASCPi)

- Certification No.: 27518
- Valid through: September 2028

LANGUAGE: English, Tagalog
Age: 24
Date of Birth: January 18, 2002
Gender: Female
Nationality: Filipino
Civil Status: Single

EDUCATION

Bachelor of Science in Medical Technology

National University, Manila, Philippines

- Graduated: November 2024
- Dean's Lister: SY 2020–2021, SY 2021–2022

Science, Technology, Engineering, and Mathematics Strand (STEM)

La Consolacion University Philippines

- Graduated: June 2020
- With Honors: SY 2019–2020
- With High Honors: SY 2018–2019

Chrizyhon S. Chico

Medical Laboratory Technologist

KEY SKILLS AND CHARACTERISTICS

- Experience in a tertiary hospital and reference laboratory setting. Skilled in performing and interpreting complex diagnostic assays across multiple laboratory sections.
- Accurate, reliable, diligent, and focused on the timely, quality completion of all laboratory procedures.
- Proficient in using MS Office and a variety of other computer application.
- Phlebotomy Techniques including blood donating procedures.
- Knowledgeable in handling and troubleshooting laboratory equipment.
- Outstanding written, verbal and listening skills.

WORK EXPERIENCE

St. Vincent's Clinical Laboratory

Medical Technologist, Laboratory Unit (Feb 2026 - July 2026)

- Performed tests in all major laboratory sections, including Clinical Chemistry, Clinical Microscopy, Hematology, Immunology and Serology.
- Verified microscopic examination of blood smears to assess red blood cell morphology, white blood cell differentials, platelet estimation, and abnormal cellular findings.
- Manage high-volume workloads efficiently with automated analyzers while promoting effective working relationship within the department.
- Operated, calibrated, maintained, and troubleshot laboratory analyzers and equipment.
- Performed venipuncture for patients of all ages using standard phlebotomy techniques.

Machines Handled:

- Mindray BC-30
- BioSystems A15
- Lifotronic H8
- SFRI ISE 5000
- Wondfo Finecare
- LG-Paber-I

Dr. Jose N. Rodriguez Memorial Hospital

Medical Technologist Intern (Feb 2024 - Aug 2024)

- Streamlined blood collection procedures during mass blood donations drives in various cities enhancing team efficiency and reduction in donor wait times.
- Performed tests in areas including Clinical Chemistry, Clinical Microscopy, Hematology, Immunology and Serology, and Histopathology.
- Conducted full tissue processing from receiving and accessioning to preparing slides in the histopathology section.

Machines Handled:

- Architect i1000sr
- Sysmex
- Selectra
- UriSed 3 PRO
- LabUMat 2
- HUBI-QUAN Pro

East Avenue Medical Center

Medical Technologist Intern (Aug 2023 - Feb 2024)

- Performed phlebotomy and point-of-care testing on pediatric and adult patients in Outpatient and Emergency settings.
- Rotated all core laboratory sections: Clinical Chemistry, Clinical Microscopy, Hematology, Bacteriology, Immunology/Serology, Histopathology, and Blood Bank.
- Applied biosafety protocols during sample processing in the Blood bank, Hematology, Bacteriology, Chemistry, and Clinical Microscopy sections.

Machines Handled:

- Sysmex CS-2500
- BD BACTEC FX
- VITEK 2
- Abbott ARCHITECT i2000SR
- Abbott ARCHITECT c4000
- Mindray CAL 6000
- TOSOH G11
- Mindray BC-6200
- Milestone MAGNUS
- Leica CV5030
- Abbott ARCHITECT i1000SR
- ACL TOP 350 CTS
- Mindray SC-120
- Abbott Pima CD4 Analyzer
